## Military-Industrial Complex

The National Defense Scientific and Technological Commission supervises weapons research and development. The functions of the National Defense Industries Office remain obscure. Through its regional offices, however, it apparently coordinates the military with the civilian sectors of the economy. The defense-oriented ministries of the State Council supervise the production of military hardware and supplies by diversified plants.

## National Defense Scientific and Technological Commission

Chairman	Zhang Aiping
Political Commissar	Li Yaowen

## Military Commission of the Chinese Communist Party Central Committee

Chairman	Hua Guofeng	Standing Committee	Han Xian

## Training Schools

of National Defense supervises the Academy of  
ce. In addition, the three departments and the  
ce arms of the People's Liberation Army supervise  
sialized schools.

This chart identifies key officials known or believed  
to hold positions through the Military District level  
in the Chinese military establishment. Names in red  
identify members of the Politburo. The dotted line  
represents the authority of the Ministry of National  
Defense to pass State Council directives directly to  
various echelons of the People's Liberation Army. The  
following abbreviations are used:
